PROTECTIVE EYEWEAR

Economical But Rugged Multi-Purpose Eyewear

Ideal for short-term or limited-exposure applications, Visitor spectacles from Gateway Safety are economical, comfortable and durable protection for employees and plant guests. Choose from either the Strobe-VS or Utility-VS. Both spectacles meet the ANSI Z87.1-1989 standard.

Gateway Safety visitor spectacle lenses are made of durable, uncoated polycarbonate. They offer excellent impact protection, but scratch more readily than coated eye protection.

Personalize your visitor eyewear! Gateway Safety can imprint your company's name or logo onto the Strobe-VS. Call for additional details.

PROTECTIVE EYEWEAR

Model #55GB80

Model #5880

Strobe-VS

- Multi-purpose spectacle is ideal for use as visitor eyewear but features the built-in toughness expected from standard protective eyewear.
- Rugged, yet extremely lightweight for maximum comfort.
- Molded-in sideshields.
- Nylon frame; integral browguard.
- Panoramic lens provides wide view of the workplace.
- Adjustable length temples.
- 100% polycarbonate lens blocks in excess of 99.9% of harmful UV-A and UV-B light up to 380 nm.
- Available in easy-to-use wall-mount dispenser box or economical bulk packaging.

Utility-VS

- Powerful combination: economically priced, plus durable protection.
- Can be worn over prescription eyewear or by itself.
- 100% polycarbonate construction provides this lightweight, clear spectacle with a high degree of impact resistance.
- Gently contoured browguard, universal bridge and wide lens form an easy-to-wear panoramic design.
- Vented sideshields minimize lens fogging.
- Available in easy-to-use wall-mount dispenser box or economical bulk packaging.
